## **CODE OF ETHICS**

### Declaration of policy and purpose

The proper operation of the Department requires that Department directors, officers and members be impartial and responsible to their members and the public. They must not have interests that would be incompatible with the proper discharge of their responsibilities or tend to impair their independence of judgment or action in the performance of their official duties and responsibilities. Decisions and policies must be made in the proper channels of Department structure and free from undue influence. Positions with the Department must not be improperly used for personal gain. Directors, officers and members must strive to avoid even the appearance of impropriety. Each of these ideals is to ensure that the public has confidence in the integrity of this Department. The purpose of this Code of Ethics is to maintain and enhance a tradition of responsible and effective public service by setting forth standards of ethical conduct to guide members, directors and officers in the conduct of their responsibilities.
